PROFILE

I shifted from restaurant management to coding for a better work-life balance. Currently, I'm in a 12-week program to become a developer, specializing in user experience.

EDUCATION

Aug 2019 — May 2021

SUNY New Paltz

New Paltz

Successfully finished the initial two years of general education coursework.

Jun 2023 — Present

Frontend Simplified

An intensive 12-week program that imparts essential knowledge and skills for constructing responsive websites.

PROJECTS

Aug 2023 — Present

Carlo's BLVD

HTML, CSS, JavaScript, React

- A personal website where I showcase lists I maintain in my notes app.
- Highlights my skill in utilizing the React library to craft multiple responsive web pages.
- Integrates multiple APIs and seamlessly incorporates them, all while employing skeleton loading states.

Aug 2023 — Aug 2023

Movie Search Engine

HTML, CSS, JavaScript, React

- Web application that utilizes the OMDB API to perform movie searches based on user input.
- Allows users to sort search results based on release year.
- Converted from vanilla JavaScript to create a dynamic and responsive user interface.

Jul 2023 — Jul 2023

Library E-commerce Website

HTML, CSS, JavaScript, React

- Users can seamlessly add or remove items from their cart, simplifying the shopping experience.
 - Each book features its dedicated page, providing in-depth information and details for informed choices.
-

EMPLOYMENT HISTORY

Jun 2022 — May 2023

Restaurant Manager, Original La Stazione

New Paltz

- Streamlined operations and reduced labor costs by 30% through the implementation of new workflows and processes
- Developed and implemented strategies to increase customer satisfaction, resulting in a 50% increase in repeat customers
- Developed and maintained relationships with vendors to ensure quality products at competitive prices

Jun 2021 — Jun 2023

Counter Person, Rocco's Pizzeria

New Paltz

- Responded to customer inquiries and provided technical support over the phone and in person
 - Learned and followed all store policies and procedures, resulting in fewer mistakes and improved customer service
 - Utilized the point-of-sale system to process orders quickly and efficiently
-
